- A3.** In the event the alleged violation is not the first violation by the Owner, or in the event the violation is such that serious, immediate or irreparable consequences may occur by delay, the Board may elect to forward the matter to the Association's attorney for appropriate action. All legal expenses and costs incurred will be assessed to the Owner's account, if the Owner is found in violation of the Rules and Regulations.
- A4.** The Association's attorney, if contacted regarding the violation, shall send such notices, make such demands and take such actions as are necessary to protect the interests of the Association in accordance with the provisions of the Declaration, By-Laws or Rules and Regulations of the Association.
- A5.** The Board has discretion in determining the timeframe that a violation must be brought into compliance with the governing documents.

B. Hearing:

If any Owner charged with a violation either believes that no violation has occurred or that he has been wrongfully or unjustly charged hereunder, the Owner must proceed as follows:

- B1.** Within ten (10) business days after the Notice of Violation has been served on the Unit Owner pursuant to the provisions herein, the Unit Owner must submit, in writing, a request for a hearing concerning the violation to the Property Manager. A time extension for a hearing date may be given for extenuating circumstances but must be made within the ten business days after the Notice of Violation.
- B2.** If a request for a closed hearing is filed, a hearing on the complaint shall be held before the Board. The hearing shall be conducted no later than four (4) weeks after delivery of the written request or as soon as possible thereafter at the discretion of the Board.
- B3.** At any such hearing, the Board shall hear and consider argument, evidence or statements regarding the alleged violation, first from any person or persons having direct knowledge of the alleged violation, and then from the alleged violator and any witnesses on his behalf. Following a hearing and due consideration, the Board shall issue its decision regarding the alleged violation.
- B4.** Owner must be prepared to clearly state their case, and introduce witnesses appealing on their behalf. Total time for Owners and witnesses to present Owner's case will be 15 minutes. Owner must present pertinent information pertaining only to the case being heard. Homeowners can request a hearing in cases of Courtesy Warnings and Notices of Violations. The homeowner will be notified by the Association of any such decision in writing, by certified mail and return receipt requested, as if a hearing had been conducted by the Board and appropriate fines shall be imposed, along with any other action or compliance measures that the Board determines appropriate.

C. Penalties

If an Owner is found to have violated personally or is otherwise liable for a violation of any of the provisions of the Declaration, By-Laws or Rules and Regulations of the Association, the following shall occur:

- C1.** If found to be responsible for a first violation of a given provision of the Declaration, By-Laws or Rules and Regulations, the Unit Owner shall be notified that a first violation has occurred. The first violation, at the discretion of the Board, may be considered a Courtesy Warning and Owner can request a hearing at that time. If the violation is not corrected, a warning notice of violation will be issued and if still not corrected fine letters will follow.
- C2.** If found responsible for a second or continuing violation of the same provision of the Declaration, By-Laws or Rules and Regulations within a twelve (12) month period, the Owner shall be assessed a fine.
 - C2.1** Where the fine is imposed for a single incident, it shall be in the amount of Fifty Dollars (\$50.00) for the first offense, Seventy-Five Dollars (\$75.00) for the second offense, One Hundred Dollars (\$100.00) for the third offense and an additional Twenty-Five (\$25.00) thereafter for a subsequent violation. Violations of a continuing nature are considered to be separate violations for each day that the violation exists and will incur a minimum fine of Five Dollars (\$5.00) per day. The Board reserves the right to impose greater fines dependent upon the extent of the violation, including filing a lien against the owner's property.
 - C2.2** In the event any violation has resulted in damage to any Common Property, which has not yet been repaired, or has resulted in any damage or any unauthorized condition of the Property, the Owner will be given one notice of violation to correct the damage or architectural violation. The Board will permit the Owner to make repairs only after approving the particular work to be done, the materials to be used and the contractor selected so as to preserve the Association's warranties and rights while holding the Unit Owner responsible for payment. If the damage noted in the

violation has not been corrected within ten (10) business days after a second notice is issued, at its discretion, the Board may perform, or cause to be performed, the common area repairs and charge the cost back to the Owner.

- C2.3** In addition to the foregoing assessment and in order to encourage Owners to correct violations at their own time and expense and in order to compensate the Association for the administrative expenses involved in obtaining and supervising any such correction, the Association will assess any Owner who forces the Association to correct a violation, with the cost of labor and materials, as well as an administrative charge of Seventy-Five Dollars *\$75.00) plus time and expenses of the Managing Agent.
- C2.4** Any Owner assessed hereunder shall pay any charges imposed within thirty (30) days of notification that such charges are due. Failure to make the payment on time shall subject the Owner to all of the legal or equitable remedies necessary for the collection thereof. All charges imposed hereunder shall be added to the Owner's account, shall become a special assessment against the Unit and shall be collectible as a Common Expense in the same manner as any regular or special assessment against the Unit.
- C3.** Time is of the essence of this policy. Notices are deemed served either:
 - C3.1** By personal delivery at the time of delivery; or
 - C3.2** By mail the following seven (7) days after deposit in the United States mail, provided that notice has been sent by regular first class mail to the Owner at the last address or to such other address as the Owner shall have previously filed with the Board.
- C4.** The remedies hereunder are not exclusive, and the Board may, in addition, take any action provided by law, in equity, or in Declaration and By-Laws to prevent or eliminate violations thereof of the Rules and Regulations of the Association.
